

**Citizen Network Australia are proud to announce our first webinar series:**

## **Keys to Citizenship in Action Webinar Series – March to June 2019**

Citizen Network is a global non-profit cooperative movement, formed to create a world where everyone matters. We work together – locally and globally – to create welcoming communities for everyone forming a powerful movement for change all around the world.

**The Keys to Citizenship** was developed by **Simon Duffy** and published in his **book** of the same name. The Keys provide a framework on areas we need to pay attention to, to ensure we can all live together with justice and mutual respect. While the Keys apply to all of us, this webinar series will focus on how we can work and live to include people who are typically marginalized or excluded.

Join some of the world’s leading thinkers and practitioners in the citizenship movement to explore what the keys to citizenship can look like in action. Learn approaches and practices that impact on everyone’s citizenship.
