

what MATTERS to me

A brand new app for anyone
who needs extra support.

TRY IT FOR FREE!

Use the code **TOGETHER20**
for 6 months of free access

Personalised information; easy to share and all in one place.

Send your profile to hotels, restaurants, care providers, cinemas; whoever needs to know how to support you.

Easily communicate:

- Wheelchair access requirements
- Food allergies
- Communication needs
- Daily routines
- Personal preferences
- ...and much, much more!

The app will benefit anyone who experiences barriers to inclusion.

For example; people who have a physical disability, learning disability, autism or chronic illness.

An especially good tool for people who have support workers or personal assistants!

"Our eldest son Janne has Down's Syndrome. He turns 40 next year. I use the app to write about Janne's needs. This information can be sent in advance, by phone or by email. There I tell people what special needs we have. Not all needs are visible. The app ensures that restaurants, hotels and other places can see how to serve us."

Father and Family Carer

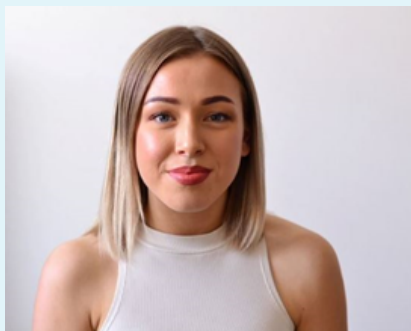

- ✓ **flexible**
- ✓ **affordable**
- ✓ **easy to use**

Lina: Service Manager

I have disabilities and employ my own Personal Assistants to support me. I use the app because;

- Assistants understand my needs more quickly
- They can learn independently
- I don't need to keep repeating myself to new staff
- I know my information is secure

Rosa: One of Lina's four assistants

The instructions in the app are clearly grouped. I can check the different categories of instructions easily and quickly from my mobile. It is really helpful in many different situations.

We recommend that you try this app!

Go to the website:

www.whatmattersme.com

- Sign up for an account.
- **The voucher code TOGETHER20 gives you 6 months of free access**
