Citizenship

Citizenship means:

- we take care of each other

- we decide things together

- we welcome everyone

- we take care of our world

- we share what we have

Everyone can be an active citizen!

Citizenship helps everyone to have a better life. You could:

- help a friend or neighbour
- look after the environment

- volunteer in your local neighbourhood
- use your skills and talents to help others

- start your own group
- join online communities

Citizen Network

The Network includes thousands of people, from all over the world.

It is free to join. Members can do as much or as little as they want.

For example, members can:

- meet, online and in person, to share skills and ideas

- write articles and books

- use the ideas of citizenship in your work and in your daily life
