

# Complex people don't exist. Unstable systems do.

---

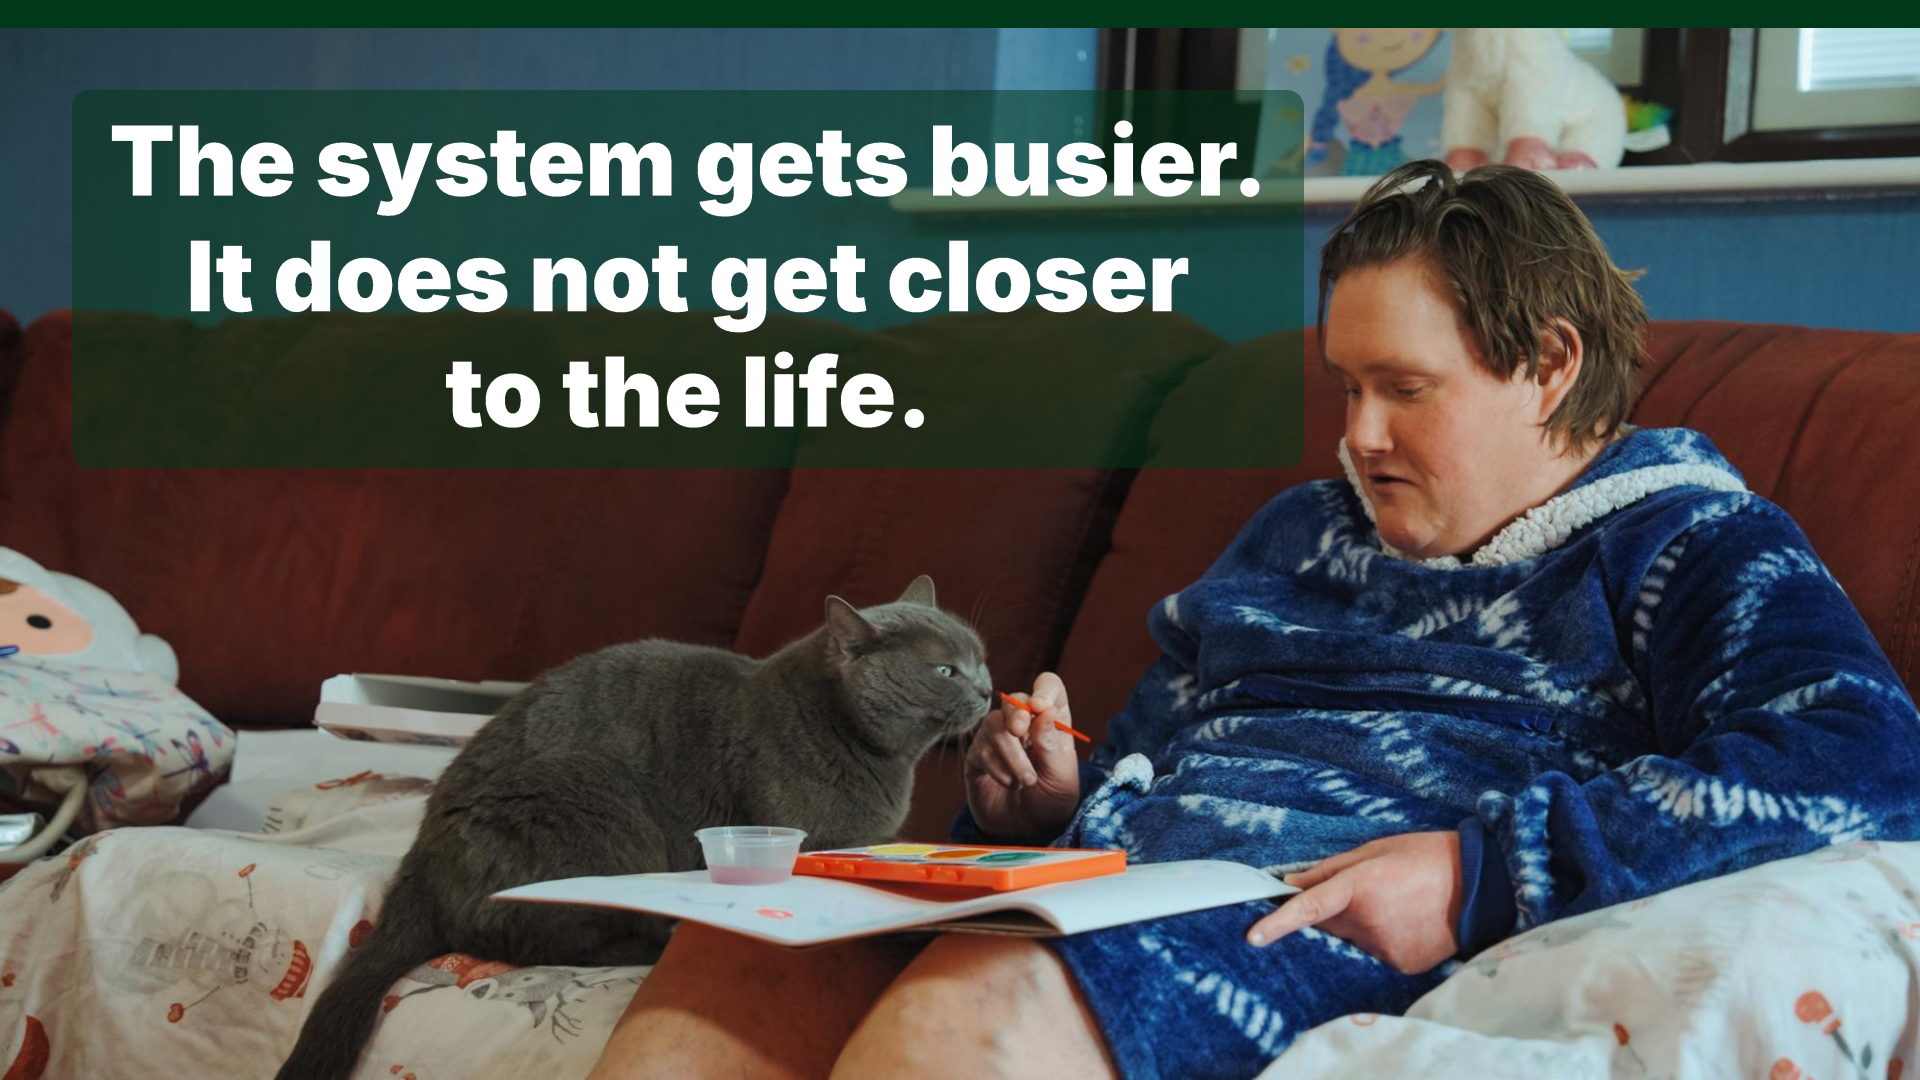

*Innovation in Action –  
Doing More with What We Have*

**We reduced her  
support.  
Things got better,  
not worse.**

**The system gets busier.  
It does not get closer  
to the life.**

**Somebody usually  
knew.  
But what was known  
could not travel.**

---

**The person's life should not have to absorb our instability.**

# Can truth travel through the system in time?

---

*What is holding?*

*What is changing?*

*What needs attention now?*

# Thank You
