

**KeyRing**  
... **We're Life Changing**

**My money, My support**

# Introducing...

Karyn Kirkpatrick

Faith Walton

# About me

# Before my ISF

- Support was hours based
- Not much room for change
- Waiting for staff made me anxious

# Getting an ISF

- This was all new and a bit scary
- But it gave me a chance to do different things
- I knew I would have help with it

# What's changed?

- I have more choice and control
- I can change things if I need
- I've paid for the Clutter Doctor through my ISF
- I've started art therapy

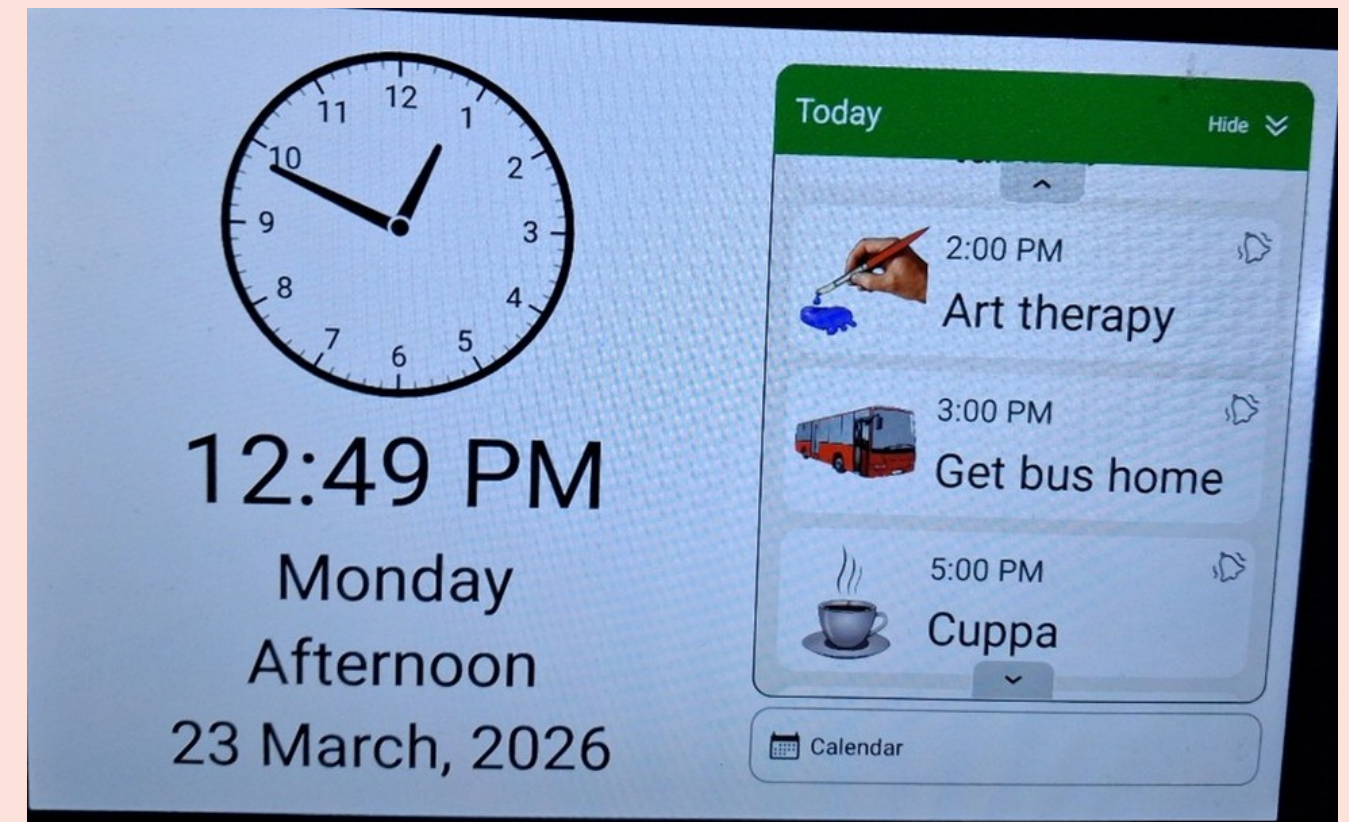

# What's changed?

- I am getting fitter

- I use Carrybase

# How I spend my ISF

# What's good?

- I know how much things cost
- I am in control
- I can change my support if my life changes or if I want to do something different
- I get a finance statement

# What's good?

- I can enjoy my garden
- I am more confident

# What's next?

- My 12-month review
- I have some unspent money
- I think I will need a bit less budget next year
- This means there is more money to help other people

# My message

Faith  
says...

- People have got a voice. Let them choose
- Get an ISF, it has changed my life

**Any Questions?**

**Thank You**

**Faith**
